

APPLICATION TIMELINES

CALENDAR YEAR/SPRING SEMESTER 2024 & ACADEMIC YEAR/FALL SEMESTER 2024-2025

CSU IP offers academic year, calendar year, and semester program options. Below you will find the deadlines for each application cycle along with significant dates during the application season. CSU IP recommends that students apply by the priority deadline, as not all programs will be available for secondary and late deadline options.

APPLICATION REVIEW

All student applications are reviewed by the Academic Council on International Programs (ACIP) Student Affairs Committee (SAC). The committee is comprised of faculty members from various CSU campuses, one IP Coordinator, and one CSU IP alum student member. Admissions decisions are reviewed by the faculty and IP Coordinator using an application review rubric.

HOME CAMPUS APPROVAL

As part of the CSU IP application verification process, the applicants' CSU campus study abroad office must complete the "Home Campus Approval (HCA)." The approval is facilitated electronically through The CSU IP Portal via the "Reviewer" function. The HCA confirms that the student is approved by their CSU for study abroad. HCAs are due one week following the application deadline.
