DIGITAL STORY PROJECT
WHAT IS A DIGITAL STORY?

GETTING STARTED…
Think of a single story from your study abroad experience that changed your perspective. Your story should be about an individual moment, not about your entire study abroad experience. Avoid travel related stories and focus on moments and memories from your host-city.

HOW WILL YOU TELL YOUR STORY…
All students will create a 1-2 minute video story using photos and video from their study abroad experience with a voiceover.
QUESTIONS?
